Flavor Fresh Brand Fresh Salsa

Product Description

Salsa is a traditional TexMex specially seasoned blend of chunky tomatoes, a variety of peppers (including Jalapenos), celery and onions prepared in our modern facilities. The Salsa is packed to maintain the flavor and integrity of each individual vegetable. Unlike processed salsas, Flavor Fresh Salsa is refrigerated, a mark of its home-style goodness.

Ingredients

Tomatoes, Tomato Puree, Green Peppers, Celery, Onions, Jalapeno Peppers, Vinegar, Salt, Cilantro, Spices, Potassium Sorbate and Potassium Benzoate as preservatives, Calcium Chloride and Citric Acid.

Refrigeration & Shelf Life

Flavor Fresh Salsa is prepared under constant refrigerated conditions and should be maintained at all times between 34°F and 38° Fahrenheit

The product shelf life is 120 days from the date of manufacture. Shelf life is achieved by sanitary manufacturing practices and proper refrigeration.

Quality Control

Our quality control team provides continuous in-plant monitoring. Each product run is under direct supervision of trained specialists.
